## Keeping Up - -

### With Uplanders

By V. V. P.

**UPLAND HIGH SCHOOL**

A growing institution, like a growing community, is always the center of interest.

Such is the case at the Upland high school. High school students residing in Monte Vista and in the southeast part of Upland will not attend the W. 11th St. campus next fall, going to the Chaffey campus instead. Limited facilities in Upland and the increase in the number of Upland-Foothill students is the reason for an "adjustment" in the boundaries.

In "dividing up" the students in accordance with available classroom space, the Chaffey board has ruled that all students whose homes are within the Ontario elementary school district shall attend the Euclid campus.

It is unfortunate, in this regard, that residents in the southeast part of Upland belong to the Ontario school district. But that is the way the voters there preferred it in a recent election.

All Uplanders in general regret that this area is not a part of the Upland school district and there is hope this situation may be changed.

If no change were made in the enrollment schedule, it is anticipated there would be 1,637 pupils in September —— an increase of 315 more than attending at present.

In the new plan, 1,419 students will be enrolled next fall on the local campus — and at least four temporary "tent" classrooms will be needed.

All of which emphasizes the real need for the recently approved bond issue.

**"GOOD TALKERS"**

For years we have been intrigued by the initials "GT" as the name of a local social club. We dared not inquire too closely into the meaning of the initials for fear of trodding into some sacred or secret realm of the closely-knit, pioneer organization here.

Now it has been revealed, G. T. means "Good Talkers". This news came on the 45th anniversary of the club and in recognition of the 84th birthday anniversary of Mrs. Chas. Allen. She has not only been one of the leaders in this "Godd Talkers" club but is also one of the most active 84-year old women in the community.

**RED CROSS**

If we chose to give to only one community organization here, it would be to the Upland

## FOOTHILL FOOTNOTES

BY JOEL R. BAUGH

Someone commented the other day about our column on "the manse" and thought the name a good choice. We like it too, it makes for fine conversation. But we've been thinking about a name for that "dream house" we keep hoping for. And every house has to have a name as far as we're concerned.

Reading one of Gerry's society items recently, we saw a reference to Antigua—the island, and here we found what really should be the name of any house we occupy. By changing the "g" in Antigua to a "q", you get Antiqua, and that's a good name for our house.

In way of explanation, we have to go back almost seven years, when we hurried up the matrimonial isle with a bride. Selecting the style of furnishings for our residence was one of our first post-honeymoon activities. We were all set for blonde contemporary, for we felt young, progressive, and contemporary. But at that time the so-called contemporary was more or less cheaply made blonde junk. So we soon were buying bedroom maple, living room French provincial mixed with contemporary, and standard chrome. And then, little by little, the antique bug began biting us. Now we are confirmed antique and junk lovers.

Nothing pleases us more than an afternoon in a second-hand furniture store, antique shop, junk shop, or gift shop. We do a great deal of browsing with occasional buying. But in a few years, we have more or less said goodbye to contemporary furniture, as much as we admire the beautiful products of today, and found real, old-fashioned comfort in our mixture of old and new furnishings, which represent many periods and several woods.

Life in military service left little income for spending on antiques, but we did manage several purchases at the country auctions of Maryland. Our prize

# Council Reports Tonight On Fate Of Development

Decision is awaited today on the fate of the proposed $2 million busines development at the southwest corner of Euclid Ave. and Foothill Blvd.

Upland city councilmen are scheduled to give the decision at tonight's meeting. This decision is looked upon as one of the most important in recent city hall history.

The Euclid-Foothill Corp. is the applicant with Ralph H. Miller being the spokesman in the proposed 17½ acre business development. He expressed uncertainty yesterday when asked to make a forecast of the outcome. He offered the opinion that if the decision were left to the public, the vote would be in favor of the zone change.

**Favored In Poll**

A telephone answering service has been making a telephone poll in the community recently and Mr. Miller reported the preponderance of expressions favored the zone change.

---

Results of tonight's Upland city council meeting will be given by The Upland News to all persons telephoning Friday. The News' number if 2-1385.

Wide interest is being shown in outcome of the proposed business development and The News staff will gladly give the telephonic report.

---

Expressed opponents of the application also indicated they were uncertain as to how the councilmen might vote in the crucial decision tonight.

**Delayed For Study**

Delayed from the Feb. 7 meeting, the matter will be among the first items on tonight's agenda. Decision was postponed by the officials in order to give them more time to analyze the situation. Councilmen John Nicholson and Donald Carr favored the zone change two weeks ago and if that opinion still prevails, the three other councilmen hold the fate of the application.

It is generally recognized that if the business development is permitted on the proposed site, other proposed business developments along Foothill might be delayed. At least two downtown merchants have expressed opposition due to effects the new development might have on the downtown development

## Local Property On Market Will Be Featured Next Week

Upland-Foothill property that is available to purchasers will be featured in The Upland News classified columns next week.

Announcements of detailed "listings" will come from many individuals as well as from most of the more than 40 real estate firms serving this area. Wide interest is expected to be shown in The News classified real estate columns.

A perusal of next week's real estate classifieds will give prospective buyers a summary of the houses, building sites, citrus groves and other property that is available.

# Appeal Denial Of Alta Loma Zone Change

An appeal has been filed with San Bernardino county board of supervisors, who have yet to set a public hearing, on the county planning commission's denial of a zone change requested for a 160-acre area in the Alta Loma district.

In a crowded court room in San Bernardino last Thursday, the planners refused the change from agricultural to residential zoning requested by C. J. Lindesmith and three other property owners, whose total holdings in the area concerned total 140 acres. Opposing the zone change were Don J. Schmidt and Marvin Decker, owners of 20 acres involved.

### Olivedale District

# Few Upland H.S. Students To Attend Chaffey

As a step to maintain Upland high school facilities only for the students within the Upland Foothill elementary school districts, the Chaffey board of education is today on record in fixing new boundaries for the local students.

Effective in September, students to be admitted in the Upland high school will come from the Upland elementary school district and all other districts in Alta Loma, Cucamonga, Mt. Baldy and Etiwanda.

Students from the so-called Olivedale section of Upland will be assigned to the Chaffey high school, since that area is now a part of the Ontario elementary school district.

It is anitcipated 1,419 students will be on the Upland high school campus with the start of classes in September. This total is more than the present classroom facilities. Therefore, four temporary tent-covered classrooms will be rented to serve until additional structures will be ready on the campus.

The proposed temporary classrooms will be 20 feet by 30 feet in size. Floors will be installed.

The high school administrative council considered various proposals and recommended to the Chaffey board Monday night that this proposal be adopted.

Monte Vista students, who this year have formed an important block in the student body, will attend Chaffey next year. During the following year, it is expected they will be transferred to the new Monte Vista high school that will be built in the meantime.

It is pointed out that the new alignment in the Upland High school boundary will not affect any students now within the Upland school district.

## Retiring Manager, Successor

Harry B. Harlow, left, long-time manager of Ontario-Cucagona Fruit Exchange, is retiring from this position and on the right is P. C. Higginson, Claremont, his successor. With the coming of Mr. Higginson to the local office, consolidation of Ontario-Cucamonga Fruit Exchange with San Antonio Fruit Exchange, which has been handling Sunkist sales for several citrus associations in the Claremont-Pomona district, is announced.

# Harry Harlow Retiring As Two Sunkist Groups Unite March 1

Harry B. Harlow has retired as manager of the Ontario-Cucamonga "OK" Fruit Exchange and P. C. Higginson of Claremont, has been named his successor.

With this change in the top executive position in the local office of the Sunkist Growers, Inc. is the merger of the local exchange and the San Antonio Fruit exchange in Claremont. The merger becomes effective March 1. Mr. Higginson is already in the new position.

Mr. Harlow, who has been the local manager almost 40 years, will continue with the organization in an advisory capacity.

**JOINT ANNOUNCEMENT**

A joint announcement by Glen Shepherd, president of Ontario-Cucamonga Fruit Exchange, and R. L. Knox, president of San Antonio Fruit Exchange, revealed the merging of these two affiliates of Sunkist Growers. Name of the combined unit will be O.K. - San Antonio Fruit Exchange.

'The boards of directors of the two district exchanges have discussed the proposed consolidation for several months," Mr. Knox and Mr. Shepherd said. "The move is a good, solid one and will result in improved marketing opportunities and service to the growers in the areas involved."

San Antonio Fruit Exchange was one of the original seven district exchanges which formed Sunkist Growers when California's oldest and most famous citrus marketing cooperative was organized in 1893. Ontario-Cucamonga Fruit Exchange has been a Sunkist affiliate since its organization in 1897.

**MEMBERS LISTED**

Roster of packing houses in the O.K. - San Antonio Fruit Exchange is comprised of: College Heights Orange & Lemon Assn., Claremont; Cucamonga Mesa Growers, Upland; Etiwanda Citrus Fruit Assn., Etiwanda; Glendora Citrus Assn., Glendora; North Whittier Heights Citrus Assn., La Puente; Pomona Fruit Growers Exchange, Pomona; San Dimas Lemon Assn., San Dimas; Upland Citrus Assn., Upland; Upland Lemon Growers Assn., Upland; and Walnut Fruit Growers Assn., Walnut.

This change will more than ever make Upland the center of the southland citrus industry. In a series of consolidations in recent years, outlying associations have become closely connected with the local packing houses. An increasing percentage of the fruit handled here comes from groves outside of the Upland district.

### Authorize Architectural Plans

# Homemaking-Art Bldg. For Upland Jr. High

A new homemaking and art building today is scheduled for addition to the Upland Junior High school plant, where 456 students are filling to capacity the present facilities.

Supt. of Schools Harold W. Cook reports authorization, for the architectural firm of Smith, Powell and Morgridge to prepare working drawings and specifications for the new homemaking-art building, was provided by the board of education in session last week.

**Three New Classrooms**

The new building, to include two homemaking classrooms and one art room, will be located immediately west of the main classroom wing, and south of the west wing of the school.

Supt. Cook reports there is not at present sufficient unused school district bonding capacity for construction of the new unit, but necessary bonding capacity will be avialable in January, 1958, and construction is anticipated for soon thereafter.

**Avoid Later Delays**

Early action by the school board, preparation of plans at this time, and submission of plans to the state division of school architecture, were cited by Mr. Cook as moves to have all in readiness when bonding capacity will permit construction, thus avoiding further delay at that time.

In April, 1956, the Elementary school district voters approved a $750,000 bond issue for school construction. Only $300,000 of this issue has been used to date, and no more can be used until the bonding capacity permits. This capacity is increased as the district pays off bonded indebtedness and the district property valuation increases.

**Classes In Library**

The new homemaking-art building will permit the vacating of three existing classrooms by the homemaking and art classes, thus providing three classrooms in the original building for other classroom use.

Edwin P. Dean, principal of the Junior High school, reports the 15 existing classrooms in capacity use, with three classes meeting daily in the school library. This leaves the library free for proper use only half of each day. Other school facilities include the gymnasium and two shower rooms for gym classes. Eighteen teachers staff the classes.

# Richard Derby Jr. New UC Staff Member

THE REV. MR. DERBY

After an absence of 14 years from his home community, the Rev. Richard W. Derby Jr., has returned to Upland and is today Public Relations representative, a newly-created position for Upland college.

The only son of Mr. and Mrs. Derby Sr., 583 Sixth Ave., the Rev. Mr. Derby has spent 12 years in the Christian church ministry. Graduated from Chaffey High school and junior college, he next received an A.B. degree from Upland college, and then a divinity degree from Asbury Theological seminary, Louisville, Ky. He has also worked toward an MA degree at Louisville Bible college.

While in the ministry in Indiana, the Rev. Mr. Derby also served as a substitute teacher in the public schools. The family's return to this area was necessitated by the poor health of Mrs. Derby, the former Eleanor Marshburn of Yorba Linda, in Indiana.

The couple has two sons, Richard III, 6 and Timothy Stephen, 2. They are now residing at 583½ Sixth Ave.

As public relations representative for Upland college, the son of Upland's city building inspector will specialize in student recruitment, according to John Z. Martin, college president.

# School District Buying Third Ave. Property

Two residences on N. Third Ave. will soon be temporary quarters for the central administrative offices of Upland Elementary School district, the board of education having authorized purchase of the two properties for future development.

The real estate involved is the home of Miss May Witt, 724 N. Third Ave., and the home immediately adjacent on the south, 716 N. Third Ave., owned by Mr. and Mrs. W. D. Scott. Purchase of a third parcel immediately south of these two residential lots, the Frank Victoria property at 690 N. Third Ave., has not been negotiated although District Supt. of Schools Harold W. Cook has written to Mr. Victoria at San Jose regarding the district's desire to purchase the property.

Before next fall, the school district will occupy the two parcels of property. With the administrative offices relocated in the two residences, until the proposed central administration office building can be constructed, the present administrative offices in the Junior High school building will be available for classroom use, Mr. Cook reports.

Other portions of the two Third Ave. lots will be used for parking, and eventually will be the site for construction of the office unit and a bus garage.

# Unending Service Is Cited In High Award To Mrs. Wass

As a tribute ot her "unending service to the community" Mrs. Warren Wass was presented with honorary life membership at Sierra Vista P-T A, at the annual Founders' Day meeting and election of officers in the school auditorium last week. Many friends of Mrs. Wass attended in her honor and three of her close friends told of her life and activities.

Mrs. Wm. R. Mason, a lifelong friend, told of attendance by the two at the old 18th St. Grammar the old Upland Elementary on Ninth and Euclid and Chaffey High schools. Mrs. Wass, she said, had then attended Mills College in Oakland, married, moved to Bakersfield and Taft, during which time she bore five sons. She had then returned to Upland.

**Strength, Steadfastness**

During all this period, and indeed all her life, Marie Podrasnik Wass always has had one important quality, according to Mrs. Mason, and that is concern for better things for all in the community in which she lived, coupled with strength and steadfastness of character.

Mrs. Frank Taylor of Ontario recounted experiences during 20 years of Girl Scout work with Mrs. Wass. In the beginning Mrs. Wass was a member of the Girl Scout finance committee for two years. Later she was chairman and finally commissioner of finance, and as such, a member of the Girl Scout council. She had also served on the camping committee as chairman and later as adviser. Mrs. Taylor paid tribute to Mrs. Wass' unstinting service to Girl Scouts.

**Behind The Scenes**

Miss Eunice Mitchell, former executive secretary of Upland Chapter, American Red Cross, told how much Mrs. Wass has done for welfare organizations whenever and wherever there was need. In all voluntary organizations she has played a behind-the-scenes role doing the helpful things that need to be done, Miss Mitchell said.

She served twice as chairman of the Upland Red Cross Chapter and on the Home Service committee of which she is now chairman. She has also acted as disaster chairman. Mrs. Wass has been active in co-ordinating Community Welfare services, Miss Mitchell said in praising her for fine accomplishments, constancy of purpose and her faculty of always being there when needed.

Mrs. Marie Wass, diligent Upland civic and service worker, and wife of Warren H. Wass, prominent citrus rancher and vice president of Liberty Groves Operating Corp., is the 1957 recipient of the Sierra Vista school PTA Life membership award. **Concern For Youth**

Mrs. Wm. Gilliland, in presenting the honorary life membership, pin and corsage to Mrs. Wass, called attention to her concern for boys and girls alike, which is best illustrated by her many years of service in Girl Scout work, though she has only sons.

Mrs. Gilliland stated that the 1956 Community Christmas Basket project carried through by P-T As was launched by Mrs. Wass. Her great concern for children of Upland made it a privilege to present her with Sierra Vista P-T A's honorary life membership Mrs. Gilliland stated.

Western decorations including wagon wheels, a glowing campfire effect, displays of western arms, yucca, cactus, driftwood and a large chuck wagon, from which dinner was served, created the round-up atmosphere for the Christian Minters Sunday school class eighth annual dinner party in Fellowship hall of the First Methodist church, Saturday evening.

Fifty-five guests were seated at tables decorated with centerpieces of cactus in crude wooden boxes, and old fashioned trenchers served as bread trays.

Mrs. Rosana Elizabeth Tyler

Apprenticeship for a three year period in the dress salon of Madame Lucie, Hanover Sq., London, has more than equipped Mrs. Rosana Elizabeth Tyler for her employment in Dunn's Re-Weave Shop, 230 E. Ninth St., as a dress designer.

Before coming to America to join her son-in-law and daughter, Mr. and Mrs. Ernest Albert Throop, 180 W. 25th St., in 1952, Mrs. Tyler had a salon of her own at Kew Gardens.

During her career, following study in dress design, she specialized in making costumes, formals, cocktail and afternoon frocks and cloaks for many members of the London court and society sets.

In Upland she plans to specialize in creation of bridal gowns, bridesmaids frocks, formals, graduation, afternoon and cocktail frocks.

"So often it is impossible to find the "right" dress for a special occasion", she said, "that I've been persuaded there is a great demand. Wedding parties are so much lovelier if all the attendants in their frocks complement that of the bride and I know it is difficult to achieve this if each bridesmaid makes her separate selection.

"I think the reason the work has always appealed to me so much is that there is a great deal of satisfaction in designing a dress for the wearer, especially if she has ideas about what she likes best to wear".

Mrs. Tyler's daughter came to the U.S. after World War II, as a war bride. The young couple persuaded Mrs. Tyler to join them here. She feels now that there is a place for her in the business world and a real need for her services.

"America seemed like fairyland when I came here", she said. "We were still rationed in England".

She thinks that girls and women here are quicker to adapt themselves to new styles than they are in England. "There is something", she said, "not very many women in this country realize: that beautiful, well made dresses, styled to the personality of the wearer, don't go out of style quickly. They last for years and are a joy for as long as they are worn.

## GTs Tell Secret At Last They Are "Good Talkers"

Members of Upland's most historic ladies' social group, the GTs held a joint celebration this week, when they gathered on Tuesday in the home of Mrs. Chas. Allen, 460 N. Third Ave., to honor Mrs. Allen on the occasion of her coming 84th birthday anniversary on Feb. 27 and to celebrate their 45th year as a group.

For many years friends outside the group have speculated as to the meaning of the club's two-initial name. Let it be said that down the years members kept their secret well. For the first time they revealed what the letters meant when they posed for The Upland News picture.

"It means "Good Talkers", Mrs. Allen said. "People have guessed that it meant a lot of other things, but that's what it means!"

Mrs. Allen came to Upland more than 60 years ago from Halifax, Nova Scotia, Canada. She was formerly Miss Flora Shaw. Her husband, who was a packing house employ, died 17 years ago. Their three sons are Avery in Bakersfield; Eugene in Los Angeles and Almon of Red Hill.

## Fire Drills Routine In Schools

Fire drill is a monthly event at Upland Elementary schools, as is required by state law. At Sierra Vista school, these youngsters display their knowledge of the value of orderly fire drills as they file from their classroom to the playground immediately after the fire drill bell. Such frequent fire drills are not too necessary in Upland's modern school plants, but they serve to instill in the students the good habit of vacating a building in quick, orderly fashion in times of fire danger.

## Upland Trees Magnet For Agile Boys

Few cities in America have lovelier trees than does Upland. Their beauty and variety has cheered and thrilled many newcomers. Their usefulness as shade was realized by the first settlers and some of the most striking trees are in the tall eucalyptus windbreaks that were planted as a necessity to protect the early groves of citrus and the vineyards of the Foothills.

However, it takes a couple of small boys, Stanley and Rickey Sampson, sons of Mr. and Mrs. Loren Sampson, 1642 W. Ninth Ave., to show the world the prime use for trees. They are, should be and always have been, for boys to climb and these boys are demonstrating the feeling of triumph being in a tall tree has always given boys!

## San Antonio Water Co. Seeks To Clarify Dump Site Issue

In a letter seeking to clarify recent statements concerning San Antonio Water Co. and City of Upland negotiations over a dump site, the compay board of directors has reviewed the situation.

At issue is the value of the company owned land on the east side of Campus Ave. at 14th St., which is used by the city as a dump site. If the site could be acquired, a "cut and fill" method in covering the rubbish would be used by the city, instead of the present method of burning the rubbish.

Main context of the company letter, signed by Manager C. Don Adams, follows:

"First: Upland city now has a lease on the present dump site, and is in full control of its operation. In case the operation is unsatisfactory to the San Antonio Water Co., it may be cancelled upon 60 days notice. The cost of this lease annually is a nominal sum equal to the taxes levied by the City and County. This arrangement has been in effect since Sept. 7, 1950.

"Second: The San Antonio Water Co., in line with an appraisal made by C. G. Frisbie, a qualified appraiser, has set a price of $2500 per acre on the land desired by the city. The amount of land the San Antonio Co. is willing to sell is 34.4 acres which at the above price would amount to $86,000. The company is further willing to accept the 7.25 acres belonging to the City (at another location) on an acre for acre basis, so that the net cost would be 27.15 acres at $2500. or a total of $67,875."

# Eger, French Horn Virtuoso, With Quartet Here Tuesday

Eger Players, who will be heard Tuesday in Gardner Spring auditorium, sponsored by the Community Concert Assn., are, left to right, Charles Libove, violinist, Sterling Hunkins, celloist; Nina Lugovoy, pianist, and Joseph Eger, French horn soloist.

A new experience in fine music will be offered by the Eger Players in a concert Tuesday, 8:15 p.m. in Spring auditorium under auspices of Ontario-Upland Community Concert Assn.

The only ensemble of its kind in the world, the Eger Players feature French horn with piano, violin and cello in a variety of combinations, playing solos, duets, trios and quartets.

Joseph Eger, leader of the ensemble and America's foremost French hornist, has appeared as soloist with major orchestras and ensembles throughout the world. A brilliant horn virtuoso, he is one of the most able performers today and it is largely through his unique artistry that the French horn has found its rightful place in the family of great solo instruments. Mr. Eger has been a member of the summer faculty at Aspen for four seasons and is one of the organizers of the Los Angeles Horn club. He also is active in radio, television and motion pictures, and a recording artist on RCA Victor and Westminster labels.

This season, the Eger Players presented premieres of several contemporary compositions in a Town Hall program of unusual interest. In addition to works by Haydn, Beethoven and Brahms, the ensemble gave the first American performance of Benjamin Britten's "Canticle III", the first New York performance of Peter Korn's "Phantasy", written for the Eger Players, and world premiered several jazz selections composed especially for the ensemble.

# Uplanders Accorded Chaffey PTA Honors

Two Uplanders, Mrs. Joseph Kamansky and Harold Stickney, are honary life members of Chaffey High school PTA, having been chosen for the 1957 honors for special community service and service to youth in the Chaffey communities. Presentation of the life membership awards took place Monday night at a special meeting on the Chaffey campus. At left, Principal Ernest A. Payne attaches the life membership pin to the suit lapel of Harold Stickney, 1090 Terrace Dr., Chaffey high school instructor now completing his 39th year in the Chaffey system. At right, Mrs. Joseph Kamansky, 2430 Sierra Dr., received the same award from Mrs. James A. Finley. Mrs. Kamansky has served as president of Edison school PTA and as a member of the Chaffey PTA. For two years she edited the Chaffey PTA Newsette, has served on the Ontario Recreation commission and Community Chest board. She and her family moved to Upland from Ontario last Aug. 1.

chapter of the Red Cross. Many other organizations give outstanding service but none equals that of the Red Cross. This organization depends entirely upon public support for its service.

And the time for the public to give that support is very soon — March 1.

Quota of the Upland chapter is slightly more than $14,000.

Repeated appeals should not be necessary for such a worthy program. United support will put the quota "over the top".

While we rate the Red Cross at the top, we hasten to emphasize that the Community Chest and the agencies it represents is also vital to the welfare of the area. But this is "Red Cross Time" — so lets meet the financial obligation immediately.

**VOLUNTEERS**

We have more than 100 staff members. That figure was reported here as the number we had on the staff, including the scores of "volunteer" contributors. Since then, others have "joined" through their excellent interest in reporting on news events and suggesting ideas.

We want more such staff members — always.

Incidentally, The News is publishing larger editions to serve the increasing flow of local news. A total of 46 more pages have been published by The News so far in 1957 as compared with the same period in 1956.

**CITY DUMP SITE**

A statement from the San Antonio Water Co. yesterday reviews the negotiations that have been underway for sometime between the company and the city of Upland. The city has been seeking to buy the present site of the city dump from the water company.

Frankly stated this is the offer:

The company will sell the site if the city will pay $67,875 and also give to the company 7¼ acres of municipally-owned land at another location.

Or, the city can continue using the land on a lease basis, subject to a 60-day cancellation.

It seems, the problem of changing the system of burning the city's discharge is a long ways from solution.

## FOOTNOTES

(Continued from Page 1)

is a marble topped wash stand in black and red walnut, which is quite large as it was scaled to coincide with a mammoth bedroom suite, of which it was a part. The Lincoln bed in the suite was the largest we've seen. The headboard was about 10 feet high, surmounted with massive moulding and ornate carving, and flanked by two solid walnut columns. The latter and other ornamental parts were removable, but even after these were removed, the headboard was sawed in half to facilitate its removal from the home in which it had been for many years. We could only use one piece of this set, but it is the choice piece.

We also brought back a walnut settee and chair, Empire inspired but a product of the Victorian era, as is evidenced by fretwork inside the walnut arms. And since returning to Upland, we have added a Victorian couch, upholstered in leather, from Mack's What-Not shop, Ninth St. and Campus Ave. Now this piece has many faces and many uses. Both arms are upholstered like the seat and back, thickly tufted leather, and both are adjustable at various heights. It can be a strictly formal sofa, suitable for a lady's tea, or the arms can be completely dropped to make a narrow bed or seating for 5 people. But the in-between positions of the arms are the most utilitarian. With one arm down and one at half position, it makes dad a wonderful chaise lounge for TV viewing, or with the one end at half mast and the other end raised one notch, dad's feet also get a bit of elevation that's wonderful for relaxation after a day on the feet. Now it may be old-fashioned, but so are we, and we defy any of our "contemporary" friends to show us a more versatile or more functional piece of furniture.

These, and a few odds and ends such as our six-piece bedroom accessory set—from the China bowl and pitcher, chamber pot, water pitcher and glass, down to the shaving soap container—make "Antiqua" a fitting name for any place in which we dwell.

Yes, our friends think we're a bit odd, liking all that old junk, but we look askance at some of their acquisitions and habits, too—and with the same amount of tolerance.

# Young Mother Held On Bad Check Charges

Now free on her own recognizance, so that she might care for an infant daughter, is an attractive, 19-year-old Ontario housewife who will appear before Judge Fred H. Jacobs in Upland Justice court March 7 on fictitious check charges.

Four checks, totaling $80, were assertedly written and cashed by platinum blonde Mrs. Nema Jo Porter, 207 E. Ralston St., Ontario, in order to bail her husband out of Ontario city jail.

Wm. Eugene Porter, the husband, had been jailed on conviction of a peace disturbance charge as he was unable to pay the $75 fine imposed by Judge Geo. D. Imhoff of Ontario Justice court.

Lt. John Wesseley of Upland Police department reported two of the bad checks in the amount of $25 were cashed at Upland Safeway store and Clint & Olson's market, both on E. Ninth St. The young woman was arrested moments after Lt. Wesseley's call to Ontario police, when she appeared at Ontario police station with a justice court receipt for the fine payment authorizing her husband's release.

## YOUTHS ADMIT SETTING FIRE

County Probation authorities will review the report of Upland Police department's Juvenile bureau regarding the burning of a barn at 1450 W. Ninth St. last Dec. 26, Sgt. Feliz Quesada, juvenile officer, reports.

Three Ontario youths were released to their parents Friday after admitting they started the barn fire over the holiday period. One youth admitted starting the fire when questioned by Carlsbad police in connection with a recent series of fires at Carlsbad Army-Navy academy, where he is a student. He also implicated the other youths.

# Hoop Banquet Set; Boosters Meet Monday

Plans for the first annual Upland high school basketball banquet will be completed at a Monday night meeting of the Upland Boosters club. The meeting will be in the high school library, 7:30 p.m. with the club officers in charge.

The banquet, honoring all members of the Highlanders' four basketball teams, will be held in the high school gymnasium March 14, 7 p.m. Tickets will be $1.50. Many awards will be presented and the season will be reviewed.

"We want a large attendance of club members Monday night", said Ray W. Davis, treasurer. He spoke for Wm. Lynais, president, Joe Seitz, vice president, and Mrs. B. M. Pace, secretary.

If the basketball banquet equals in interest the recent football banquet, the community can experience an enthusiastic event. A large attendance is expected at the banquet.

# Three Midgets In Cup Race

Dean Lowe, by capturing the A class main event at the Quarter Racing Assn. races in Upland Memorial park, has made it a three way tie in the contest for the first A class quarter midget permanent trophy to be given one of the youthful racers. His name is now up twice along with Marilyn Mickel, 6, and Richard Shoji, 11, who holds the track record. First one of the three to win an A class main event takes the trophy. Dean also won the A class trophy dash.

The Lowe family was driving in luck for Dean's brother Jackie captured the B main event. Dick Crandall won the B semi-final but it remained for Richard Wise to set a new B class record for the track with a time of 9.01 seconds. Joey Holmes record of 9.14 in this class was made Nov. 18, 1956. Al Arnoni won the B class trophy dash.

Heat winners in A class were Tony Simon and Marilyn Mickel. B class heat winners were Cindy Clabaugh, who rode her third race; Don Hooper and Richard Wise. It was in this heat that he broke the record.

# Garage, TV Set Burned In Fires

A fire of mysterious, unknown origin Saturday noon left in ruins the garage at 268 E. "G" St., doing $800 to $1000 damage to this property of Mrs. Anna Bryden.

Upland Volunteer Fire department squelched the blaze, with 11 volunteers and four full-time firemen reporting to the scene. An adjacent garage, at the residence of Miss Lydia Byer, 669 N. Third Ave., also was damaged by the flames before they were controlled.

On Thursday, Upland Fire department extinguished a blazing television set in the Dwight Bert home, 391 N. Euclid Ave. The TV was located on the rear sun porch of the two story home. The flames were controlled before they could spread to other furnishings or the structure proper.

## Flashy Entry Made By Jayhi "A" Cagers Before Outclassed

Making a flashy entry at the La Verne tournament Friday, Upland Junior High school's "A" team claimed a 32-8 win over Walnut as it played an outstanding game.

In its second tournament game however, the Jayhi team lost out as it was outclassed by the quint from Washington school of Bell-Noffke, 416 N. Third Ave., El-Ave., Alta Loma, and Yolanda flower, 40-16. This closed the season for Coach Geo. Schilens' basketeers.

In Class "B" competition, the Upland Jayhi team lost to Clifton school of Monrovia in its opener, 30-6, and fared little better in its final game, as it lost 21-13 in Valencia school.

# Upland High School "D" Basketeers in Team Picture

Upland High school Class D basketball team posed for this picture early in the season. Lloyd Conner is now coaching the "D" cagers in the Highlander gymnasium. Standing, from left: Gary Groneweg, manager; Bill Ryan, Jim Maestri, Jon Kay, Jim Weldon, Doug Wulf, Tony Dagnenica, Charles Zimmerman, manager, and Coach Bill Wolfe. Kneeling, from left: Junior Fuentes, Paul Reading, Lewis Simmons, Bob Jones, Roger Davis, and Kenny Walker. Missing from the team picture are Bob Keller and Dick DuPont.

# Blue & Gold Event Tuesday For Pack 10

Tuesday, 6:30 p.m., in Upland Elementary school cafeteria, the annual Blue and Gold banquet of Cub Scout Pack 10, sponsored by Baldy View P-T A, will convene.

All parents and members of Pack 10 are urged by Cubmaster Chas. Dulaney to attend. Annual awards will be made at this time.

Baldy View P-T A this week appealed for den mothers for the pack, requesting any interested women to call Mr. Dulaney at YU 2-6649.

Mrs. Rudy Jakobcic was hostess to the monthly pack leaders' meeting of the pack in her Shasta way home Friday evening. Present were Den Mothers Gertrude Yaple, Phyllis Maxfield, Virginia Fritchey and Margaret Dulaney, and Committeemen J. A. Pomeroy, Don Shain, Clarence Reeder, Glen Abbott, Ed Harlan, Clifton Murphy and Cubmaster Dulaney.

Plans were made for Pack 10 Cubs to sell greeting cards in the near future to supplement their treasury.

# Drive Captains Hear Red Cross Defined By Presidential Quote As Powerful Force For Mercy

"Red Cross must be as powerful a force for mercy and helpfulness as the Atomic age is powerful for destruction."

These words of President Dwight D. Eisenhower were quoted by Mrs. J. W. Robertson, Upland Red Cross chapter chairman of volunteers, as she prefaced her remarks Thursday noon before captains of the forthcoming Red Cross fund drive, in attendance at a planning luncheon in Red Hill Country club.

**Little-Known Facts**

Using the President's forceful statement to define The American Red Cross, Mrs. Robertson proceeded to point out a number of facts concerning Red Cross which she considers relatively unknown.

She told the drive captains that the Red Cross is a semi-government agency operating under the Congressional charter adopted in 1905. "It is also the only liaison between the service man, the military, and the folks at home," she stated.

**Five Communities**

On the chapter level, Mrs. Robertson remarked, "Upland chapter, which covers and includes Mt. Baldy, Cucamonga, Alta Loma and Etiwanda, is the only social welfare agency in this area. I know that many times people have wondered why we are known as the Upland chapter and have perhaps felt that it did not include them. The only reason is that the office is located in Upland, but on the board of directors there is a representative from each community."

Commenting on the $14,387 goal for the Upland chapter in its 1957 fund drive during March, Mrs. Robertson reported the quota was originally $13,850, but due to the devastating floods in the East, the national Red Cross headquarters had necessarily increased the national quota by $5 million. Upland chapter is therefore absorbing a $537 share of this increase.

**Expresses Optimism**

"In years past, Upland chapter has been recognized for reaching its quota, and we look with complete optimism on the successful realization of our 1957 goal, despite this increase," Mrs. Robertson said. In previous campaigns, Upland chapter has raised more than $10,000, but the 1957 quota is the largest yet undertaken by the chapter.

Also addressing the drive captains were Harry Dier, chapter chairman; Richard D. Manley, fund drive chairman, and Mrs. Eleanor Taylor, executive secretary of the chapter.

Mr. Manley pointed out that while he has served in various capacities with the Red Cross chapter, this is his first year as fund drive chairman. Of the $14,387 to be collected, he said $4,312 would be sent to national organization headquarters while $10,075 would be retained by Upland chapter for needs in the Upland-Foothill district.

## BALDY RUMMAGE NETS $266.67

Baldy View PTA's recent two-day rummage sale netted $266.67 for the treasury, according to Mrs. Wm. F. Fitzsimmons, president, who also reported that as a result of the drive the schools' welfare closet was stocked with many useful items of wearing apparel.

Mrs. Fitzsimmons has issued a reminder to committee chairmen that official reports prepared by them must be returned to Mrs. Jay Thrasher by Friday, 7:30 p.m., in the kindergarten of the school.

It takes a second to kill — and why are you in such a rush?

## Mrs. Robertson Addresses Red Cross Captains

Mrs. J. W. Robertson, chairman of Upland Red Cross volunteers, standing right, gave precinct captains of Upland chapter, American Red Cross, the benefit of her experiences in Red Cross work, her subsequent convictions and enthusiasm for Red Cross work, at the fund drive planning luncheon Thursday in Red Hill country club. Chapter officers listening closely to Mrs. Robertson's forceful remarks included, from left, Garwood Warders, director and precinct 17 captain; Col. Dorsey J. Rutherford, U. S. Army Retired, honorary chairman; Mrs. Warren H. Wass, vice chairman of the Upland chapter, and Harry Dier, chapter chairman.

Featured during the evening will be the first presentation of the "ant colony," a scientific exhibit, which has been chosen as the rotating award for the class having the greatest number of parents present at each meeting.

## New School Bus Will Increase Need For Second Garage

A new school bus, bringing the total of buses serving Upland Elementary School district to six, will be purchased soon and placed in use.

Authorization for the bus was given by the board of education in session last week at the Junior High school.

According to Supt. of Schools Harold W. Cook, four of the present five buses are parked in the bus garage on the Junior High school campus, while the fifth bus is parked in a local garage due to lack of sufficient school garage facilities. The new bus is also likely to be parked off the school grounds in a local garage on a rental basis.

This illustrates the school district's need for the additional bus garage proposed for the rear of two Third Ave. lots, adjacent to the existing bus garage, being purchased by the school district.

## Toastmasters Hear Talks

Herbert E. Vogler, Upland realtor of 132 N. Euclid Ave., was voted speaker of the week by Ontario Toastmasters' club last week, while an Ontario man, Orren Fitzsimmons, was the Upland Toastmasters' selection for speaker of the week.

Upland Toastmasters met Tuesday evening at the Orange hotel, Ontario, with Mr. Vogler presiding over the business portion of the meeting. Speakers were Mr. Fitzsimmons, Will Edwards and Sam Grasso. Robt. Metzger, N. Dinaolo, Cliff Vogler and Steve Douglas also participated. Toastmaster was Horton Swisher.

Meeting Wednesday night, Ontario Toastmasters heard David Corlett, Will Vanderwilt, James Walsh and Mr. Vogler speak. James Mason presided over the business session, and Tom Jones was toastmaster. Others participating included Ed Accomazzo, Dick Newton and Paul Breese.

ALL COUNTY OFFICES will be closed on Feb. 22, in observance of Washington's birthday.

Look at the mountains every day and really appreciate the privilege of living in this "upland" area.

# 1957-58 School Year Schedule Is Announced

A 176-day schedule for the Upland Elementary School district's 1957-58 school year has been officially adopted by the board of education, with the fall school term to open Sept. 10.

Faculty members will report for a preschool workshop program and faculty meetings Sept. 5-6. Admission day will be observed Sept. 9, so opening day for the students is thus delayed one day. One visiting day for teachers is yet to be set.

Holidays to be observed during the school year include the following: Veterans' day, Nov. 11; Thanksgiving holdiays, Nov. 28-29; Christmas vacation, Dec. 21 through Jan. 5, inclusive; Lincoln's birthday, Feb. 12; Spring vacation, March 29 through April 6, inclusive, and Memorial day, May 30. The last day of school will be on June 11, 1958, with Junior High graduation on this date.

Supt. of Schools Harold W. Cook points out that George Washington's birthday will not be observed by a school holiday as it falls on a Saturday in 1958. If such a recognized holiday falls on Sunday, it is observed by a Monday holiday, but if it falls on Saturday, no holiday from school is authorized.

## CONCERTS

### CIVIL WAR PROGRAM

Music of the Blue and the Gray will be heard again Friday in Claremont, but there'll be no skirmishes between the North and South this time. Instead a peaceful meeting of the Civil War Round Table of Southern California will convene at Pomona college. The session will mark one of the rare occasions when the group opens its meetings to the public, and no admission will be charged for the 8 p.m. musical event in Bridges hall of Music.

"Music of the Blue and Gray" will be the evening's topics, with Kenneth G. Fiske of the college speaking. Pomona College glee clubs will sing, and other Blue and Gray music will be presented by Karl Kohn, pianist, the Blue and White quartet, and individual soloists. Original copies of Civil War music will also be displayed, along with instruments of the day, as the Mason-Dxon line is obliterated by historians and music lovers.

### JAZZ GOES TO COLLEGE

Claremont Men's college student body presents four of the nation's entertainment headliners in "Jazz Goes to College, 1957", on Saturday, March 2, 8 p.m. in Bridges auditorium, Claremont.

With disc jockey Gene Norman as master of ceremonies, the sixth annual jazz concert will feature troubadour Mel Torme, the Hi-Lo's, tuneful singing quartet, the Bud Shank Quartet and the Chico Hamilton Quintet.

Proceeds from the concert will support the Model United Nations, the Hungarian Relief Fund, and the Student Book Store building program.

### L. A. PHILHARMONIC SATURDAY TREAT

Claremont Colleges Artist course will present the Los Angeles Philharmonic orchestra, with Eduard van Beinum conducting, on Satruday, at 8:15 p.m. in Bridges auditorium.

Van Beinum, the orchestra's newly appointed conductor, will open the program with the Overture to "Egmont", Opus 84, by Beethoven.

Since 1949, van Beinum has served as principal conductor of the London Philharmonic Orchestra, and as a guest conductor with symphony orchestras in Europe and America. He was conductor in Amsterdam for 25 years.

**A. Electricity**

"EVEN THOUGH prices and wages have steadily gone up and up," explains Reddy Kilowatt, "a kilowatt hour of electricity costs less today than 20 years ago." (Bigger bill? That's because you're using more and living better electrically.) Small wonder electricity is your biggest bargain in modern living.

# PTA To Observe Staff Program At High School

Upland Highlanders PTA board met Monday evening in the school administration building, when it was decided to hold the next meeting on March 11, instead of on March 4, as previously planned. With the incumbents having no competition in the Cucamonga and Alta Loma fire commission elections due this year, both Ralph T. Santolucito of Cucamonga Fire district, and George M. Both incumbents have filed their acceptance papers for another term and their nomination papers have been checked and declared valid by the county election department.

Serving with Mr. Smith on the Alta Loma Fire district commission are Ronald Roberds and Charles M. Smith. Cucamonga fire commissioners, other than Mr. Santolucito, are Harold B. Batz and Verne C. Hinrichsen.

# Second Wing of Baptist Church In Use

First Baptist church, 990 W. 11th St., is pictured above showing the second wing, on the right, which was recently put into use. When the church auditorium is completed this portion of the church plant will be used for educational purposes.

At present the wings are being used as a church and for Sunday school and other church activities. The Rev. Chas. McMahill serves as pastor. The Rev. W. E. Cresswell is pastor of the original church at 197 Sultana Ave. The building project is being carried on through sale of Broadway bonds, some of which are still available, according to the Rev. ## Listeners Like Gems of Grace

"Gems of Grace", the radio program being produced at Upland college, has been receiving complimentary notices from many hearers in Pennsylvania and Michigan. Canadian listeners in Saskatchewan and Ontario have also written complimentary letters.

The programs are heard on many radio stations both in the U. S. and Canada.

"The only radio programs we listen to are the ones like yours", Mr. and Mrs. H. Hunter wrote from Moose Jaw, Sask., Can. "We enjoy your sermons and all the good singing of old hymns".

The foothill communities offer much for investors, for good living and for a full enjoyment of life.

Plenty of free parking in Upland.

# Mock Court Program Promotes Nazarene Foreign Missions

Mercy court of Upland First Church of the Nazarene in session last evening found the members and friends of the church negligent in contributions to their alabaster boxes and thereby guilty of failure to sufficiently support their church missionaries.

This decision resulted in sentencing of the defendants to one hour of prayer per day for 99 years plus a fine to be made to their alabaster boxes.

An effective program promoting support of foreign missions of the church was thus presented with a mock justice court trial at the church. Llaird B. Hudson, of Cucamonga, a California Highway patrolman and member of the Upland congregation wrote and directed the production.

Alabaster boxes are distributed among the membership and friends of the church, and every six months are collected. During the intervening period, money is added regularly to the box of each individual, in much the same manner as a coin bank is filled. The alabaster box offerings every six months are submitted to the church's Foreign missions program for building chapels and dispensaries.

Presiding over the court was the Honorable J. W. Baugh, judge for the night. The plaintiff, the alabaster box of each church member, was represented by Mr. Box, or William Talbot. His attorney was Samuel Meade, and his star witness was Mrs. David S. Corlett Jr.

Representing the entire congregation of the church as defendant was Mrs. Jewel Cox. Defense attorney was Orville Sheets and the defense character witness was Miss Pauline Mead. William Smith appeared as Constable and Mrs. Elise May portrayed the court clerk.

After sentencing was passed by the judge, court was recessed and those present given an opportunity to make their final gift to the alabaster boxes before presenting them to the mission program.

Each member of the congregation on Sunday received a mock subpoena to be present for the program, with the subpoena number being Matthew 25:45 from the Bible: "Then shall He answer them, saying, Verily I say unto you, Inasmuch, as ye did it not to one of the least of these, ye did it not to me."

## Rev. Hart's Topic

"Ready to Inherit", will be the sermon topic of the Rev. Trusten A. Hart, pastor at both the 9:30 a.m. and the 11 a.m. services in the First Presbyterian church, Sunday.

# New Little League Diamond To Be Developed on Ontario's 10 Acres

## Volunteers Will Build New Field; Money Is Needed

Actual work will be started Saturday on the new diamond for the Little League teams in Upland this spring and summer.

On the northeast corner of Campus Ave. and E. Eighth St., is a 10-acre plot owned by the city of Ontario. Upland has received permission to use this for a new diamond.

Garwood Warders, head of the Upland Little League commission, announced yesterday that volunteers will be on the scene Saturday to begin conversion of the area into a grassed infield, base paths, dugouts and other facilities.

"All interested persons, especially parents, are urged to report for work", Mr. Warders declared. "We have received reports from many persons who are anxious to help the community and the boys and to make it possible for more teams to be in the league".

It will take many days of work to bring the diamond to reality and following Saturday's preliminaries, a definite schedule is planned. As outlined at present, no remuneration will be paid to anyone for converting the bare land into a good diamond.

"Money will be needed, however, for lights", Mr. Warders declared. "It would be wonderful if some one person would contribute the necessary $5000, but in lieu of that we would like to receive checks from many persons. If the field is going to be used to the fullest extent, it will be necessary to install lights".

## Volunteers In Readiness For Sunday Job

Sunday is Heart Sunday in Upland and the Foothill communities, and volunteer collectors wearing identifying heart badges will canvass the area, door-to-door, accepting contributions to the Heart fund.

The Heart Sunday division of the 1957 Heart fund campaign is in readiness for the one-day canvass, according to Mrs. Bertha Head of Upland Rebekah lodge and Everett Robinson of Upland IOOF, co-chairmen of the volunteer collectors.

**VOLUNTEERS NEEDED**

**Mrs. Head and Mr. Robinson this week appealed for volunteers to work with the Odd Fellows and Rebekahs in the Sunday canvass collection. Mrs. Head stated that the men and women of the two lodges are cooperating fully in the Heart Sunday canvass, but that more workers are needed to completely canvass the city. Individuals or organizations willing to assist are urged to telephone Mrs. Head at 2-2948.**

**Lodges Participating**

Odd Fellow and Rebekah lodges of California are actively engaged in seeing that the 1957 Heart Sunday project raises sufficient funds to fight heart disease, Mr. Robinson reports.

Rebekah committees are headed by Mrs. James Burge, Mrs. Hugh Culbertson, and Mrs. Carl Reitz. Odd Fellow committee chairmen are James Burge, Homer Washburn, Lee Bigley and Robbie Hawkins.

Upper Euclid, and the area west to Mountain Ave., is chairmaned by Mr. and Mrs. Keith Koehler. Reporting to them from the area west of Euclid will be Mmes. Philip Born, M. K. Smith, Herbert R. Van Brunt, Clyde Duncan, Robert Cameron, and William A. Bowden.

WITH HEART SUNDAY just around the corner, leaders in the Silver Link Rebekah lodge's volunteer effort to canvass the city with the Odd Fellows, met at IOOF hall to complete final arrangements. Areas for the volunteer collectors are assigned, by use of a city map, as Mrs. Earl J. Head, Rebekah chairman, second from right, is assisted by Mmes. Hugh Culbertson and Carl Reitz, left, and Mrs. James Burge, right.

**Volunteer Coffee**

Mrs. Everett Henry, Heart chairman for San Antonio heights, completed plans for the drive in that area when she entertained her volunteer workers at a recent morning coffee in her home, 2487 San Antonio Crescent E.

Residents of the Heights will be given the opportunity Sunday to make their Heart fund contributions to the following volunteers: Mmes. Clyde DeLong, Charles Young, Nellis McNeil, A. Hinshilwood, E. K. Hansen, W. E. Oswald, Arthur Peters, Carl M. Lewis, D. R. Kilbourne, James Vanderploeg, H. Camilli, Vaughn Dunlap, Frank Palmer, Geo. W. Kriegh, F. W. Nelson, Raymond O. Connor, Clyde Kimball, Leo Canavesio, Glenn Deal and Lester Wills; Miss Lulu Leigh Pickett and Mr. Forrest E. Doucette.

Heart Chairman A. R. Gemmel reports the following volunteers for Red Hill to canvass that district Sunday: Mmes. Edgar Summerhays, E. V. Wiseman, M. C. Claff, Edward Shotthaver, Glenn Finley, Welles Ross, Neal Van Dorin, Bruce Hettle, Rudy Brummond, James Connolly, Frank J. Pendergast, and Miss Harriet Gemmel.

Mt. Baldy chairman is John Caulfield, who will lead his volunteers in the Heart Sunday collection canvass. Mrs. Fred Beal is currently distributing literature to Baldy residents dealing with facts about Heart disease.

**Returns By Mail**

Mrs. Harry A. Ledig Sr. of Alta Loma and Mrs. Jane Pearson of Etiwanda are mailing letters requesting residents of these communities to return their Heart fund contributions by mail.

The importance of Sunday's concentrated campaign is emphasized again by Mrs. Philip B. White, Upland-Foothill chairman. "Your Heart fund makes possible a three-pronged attack against heart disease; through research, education and community heart programs for assistance of victims and their families. It helps people to help themselves. Of funds raised, the major portion remains in the area of collection," Mrs. White stated, adding, "Remember the Heart Sunday slogan is, 'Welcome your Heart Fund volunteer on Sunday, Feb. 24'."

## Dr. Parlante Returns Here To Practice

Vincente J. Parlante, M. D., will open offices for the practice of general medicine and surgery at 282 N. Second Ave. on Mar. 1. Dr. Parlante has returned to Upland after a three-year absence devoted to additional study in surgery at the VA hospital, Altoona, Pa.

Formerly associated here with Dr. Truman T. Ackerson, Dr. Parlante will now practice alone. He and his family are residing at 7408 Salsipuedes, Red Hill.

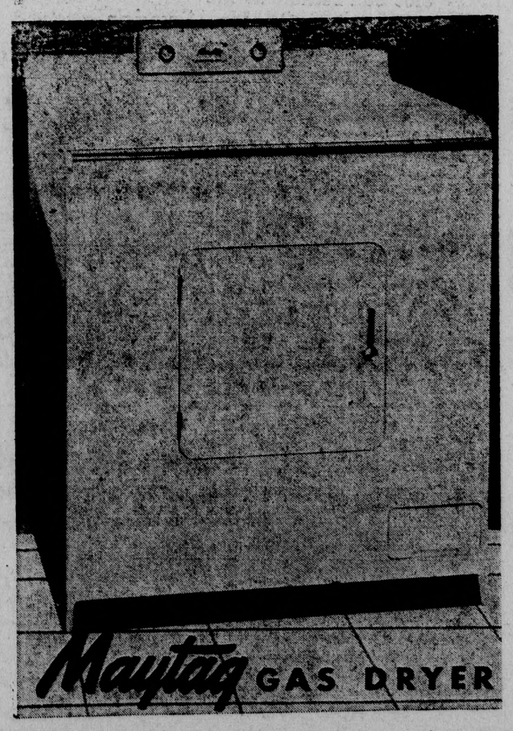

Their stay in the East was saddened by the serious illness of their daughter, Patricia, now 5½, who was stricken with polio. Patricia is now walking with the use of leg braces and is improving steadily.

Dr. and Mrs. (Kathryn) Parlante are also the parents of two sons, John, 4, and Jim, 2. Originally from New York city, the family came to Upland four years ago, following Dr. Parlante's discharge from two-years' service with the army at Ft. Lee, Va. A 1942 graduate of the University of Buffalo, Dr. Parlante spent five years in general surgery residencies at New York Poly-Clinic hospital and Flower-Fifth Ave. hospital.

# Wanted -- A Good Recreational Center For Youths, Community

**One of the finest projects that could come to the Upland-Foothill community is a top quality recreational center. Such as:**

**Bowling alley.**

**Roller skating rink.**

**Ice skating palace.**

**A social headquarters where teenage couples could dance.**

All of these, or anyone of them, would take a sizeable sum of money. The economic problem must be squarely faced by any promoter because no one is going to do it just for the fun of it. On the other hand, if investors were certain this community wanted such an undertaking and would support it year after year, such a development might be realized.

The current trend here is such that a major recreational center is very logical. The Upland-Cucamonga area is going to be the center for outstanding restaurants — and a logical companion development is some of the recreational features mentioned here. The new Stuft Shirt restaurant will be open soon. Already serving this area are the Sycamore Inn, Magic Lamp and RoVals — just to mention a few that are appealing to the throngs. Construction of another restaurant is under way.

These major food establishments are here because the investors decided it would be good business. For the same reason, we might get recreational facilities. Where there are good restaurants, other attractions will come.

All residents of this area can have a part in encouraging the establishment of recreational features. In fact, application for a zone change to permit such a development may be considered in the city hall within a short time. The fact remains that throughout the entire Chaffey district and the Pomona valley there are not suitable recreational facilities.

So, let's talk up the need for a recreational center and give sincere encouragement when the time comes to realize such an improvement.

Many parents have expressed concern over the fact that teenagers today find it very difficult to dance at commercial institutions because of the presence of liquor. One of the great needs of the community, therefore, is the establishment of a popular center at which dancing can be the order.

# Leash Law Likely to Be Issue In 1957; New Officer on Job

One of the issues for decision in this community during 1957 is how to control the pets.

The City of Upland has just added the position of "Animal Control Officer" in an effort to get all dogs licensed — or to get them out of the community. The services of the new officer will be watched with interest — by the pet owners and by the neighbors of the pet owners.

Putting a license tag on a dog won't restrict the dog and restriction is what some people are demanding.

We hear it often and so do the city councilmen: "What this town needs is a leash law." Maybe so, but before such a law would be generally acceptable here, it will take much public education. Pet owners in this community do not generally accept the idea that their dogs must be confined on a leash.

Next door or across the street from the pet owners, however, are families who are getting mighty tired of cleaning up their yards and re-planting seeds every time visiting dogs scramble about.

If the animal control officer can adequately solve the situation, he will save the community and the city hall from much trouble. If he can't, it is likely a leash law, applicable to the residential area, will be the next step.

# $5,000 Needed for New Ball Park Lights; Let's Start Fund

It will take about $5,000 to place lights on the new Little league ball diamond that is going to be placed on the City of Ontario property at Campus Ave. and E. Eighth St., Upland.

Enough volunteer labor is expected to convert the land into the diamond, grassed infield, dugouts and etc.

The field cannot be used adequately, however, without installation of lights. Do you have any money to contribute?

Garwood Warders, head of the Upland Little League commission, and others will head up the "work group" that will actually make the site useable as a diamond. Mr. Warders would like to receive in the name of the commission a big check for $5,000 from anyone or numerous small checks.

Who will send the first check to Mr. Warders? Let's get this fund started.

# People-To-People Plan To Aid International Situation

Some months ago, President Eisenhower called a group of leading American citizens to a special White house conference. Out of that conference came what is known as the "People-To-People Program For International Friendship" - a program with an aim to construct a massive program of communication between Americans and the citizens of other lands.

There is a place for everyone in this plan. An individual, for instance, may regularly write letters to friends and relatives abroad, share American books and magazines with eager readers overseas or invite to his home one of the foreign visitors who came to this country.

The more I study our pet parakeet the more convinced I become that pets take on the personalities of their early masters. I've heard this propounded for years. In several cases, I've noticed a striking similarity in personality traits of dogs and their masters.

Our parakeet came via the birthday presentation route to son Rich, 11. In fact all the livestock we own or ever did own came via this same channel.

The man who presented the birthday gift, and who had the closest association with this bird during the early formulative days of this parakeet's babyhood, is a man of numerous distinctive traits.

The parakeet was immediately named for his first master, John L. Robertson Jr., of S. Euclid Ave., who is better known as "Robbie". Thus the parakeet became "Robbie." "In case this parakeet lays an egg," I told the family, "we can always change the name to Roberta."

Well, the parakeet has never laid an egg. . . . in fact the darn bird has never done a single thing most parakeets accomplish in kindergarten.

The bird's first master is noted for a rather contrary streak in his makeup. If you want "Ol' Jawn" to do something the proper approach is to suggest that he do the opposite. He will follow through by doing opposite of what you suggest or what you wanted him to do in the first place.

This also applies to "Robbie" the bird. When he was locked in the cage he raised a ruckus all the time to get out. He clawed and hauled at the cage door until he was fit to be tied. One time in a fit of frustration he defeathered himself, feather by feather. After picking up feathers for three days I felt like sticking them back one at a time.

We now leave the cage door open so the parakeet can leave the cage at will. You guessed the rest. You couldn't get "Robbie" out of that cage with a team of Missouri mules. If you try to cajole him into leaving the cage he acts as nasty as a rattlesnake with laryngitis.

If you ask "Ol' Jawn" to do something, he always has 50 reasons, all good ones, why he can't do it. If you suggest he hasn't enough on the ball to handle a task he'll do the job and laugh in your face.

For days we tried to get this parakeet to bath regularly. This bird had his own ideas about sanitation and would sneer at the bird bath, as only a parakeet can sneer. Coaxing and petting did no good.

The other day this same parakeet was discovered, that is his head was still in sight, in the dish water awaiting the evening chores. He was going down for the third time when snatched from the suds. After being rinsed and dried he was as good as new.

Maybe this taught "Robbie" the difference between a bird bath and dish water but I doubt it.

"Ol' Jawn" is generous to a fault. In fact he is too easy when some guy or gal is having it tough. He's quick with a buck and ready to help when one is down in the dumps. "Robbie" also has this generous streak. About once a week he spends a busy 15 minutes scattering all the birdseed in his feeder through the four sides of his cage. When he is finished the feeder is as clean as though it had been scoured.

One sharp difference in personality traits, and here the difference is really marked, is the fact that the parakeet don't talk.

**This Life We Live**

**TOO MUCH LIGHT:**

As a boy I seem never to have been ready for bed. I wanted a few more hours or even minutes for play or for reading. During recent months in the North Land I seemed to think night had been slowed down and the Land of the Midnight Sun challenged me. Usually I am able to adjust my life to the changes thrust upon us, but the short nights troubled me.

In Vancouver one can read out of doors as late as ten o'clock at night, and as one travels farther north the day lengthens. In Skagway the people turn their clocks back an hour, because there is too much light. That means they are two hours behind us in this state. Up there the sun sets at about eleven o'clock and begins to appear again along about 3:30. The four hour night was all too short and as never before I appreciated darkness.

During the hours of darkness the birds stop their songs and rest; animals generally take advantage of the night to rebuild their energy; men need rest also for the renewing of the bodies and the clearing of minds and souls. The stars also shed their glory over the earth and the moon appears in due time. There could be no sunrise without the night. Think on these things and give thanks to Our God for the night and its cure for hurt souls. We never would have discovered the glory of the full moon and the beauty of the stars had there been no night.

The short night in the far north was fine for a few days and nights, but became wearisome. There was too much light and I longed for more darkness. Of all the physical difficulties that come to man I have said that I feared blindness most of all. Iwas wrong. Such difficulties give men and women time to cultivate the better things in life, for much that hurts is shut out. Most of us just rush on and on. A father is reported to have said to his son, "Do stop bragging about the hours of work you have put in—just tell me of the work you have out into your hours". He might have replied that the engine that idles never goes anywhere. True:but the man who never stops working soon stops forever.

We could really go farther if there were a bit more darkness around us, especially in spiritual matters and those of real living.

## Leigh Hunt's Mother Dies

# TIME PASSES

## 15 Years Ago

Hubert Manker, who had gone to Brazil 18 months previously to install special machinery for the National Machinery Co., was remaining there as a plant manager. Mrs. Manker and their children, who lived in Fullerton, were awaiting their journey because of the danger of ocean travel due to submarine warfare.

Approximately 125 lemon pickers were in the groves and Don Tyler, manager of the Lemon Growers Assn. reported about 2000 boxes of lemons were being picked every day.

Old car drivers had something to be thankful for! They were the privileged ones who were being allowed new tires by the rubber rationing authority. This was due to the fact that there was a surplus of obsolete size tires which would only fit some older models. They had to be obtained through the rationing board; also their use was not restricted.

Dr. Geo. P. Shidler, speaking at a meeting of Lions' club members and their wives declared, "Youth today is a problem that should receive the united study of the state, the church and the schools." He wanted separate schools for boys and girls and schools as "emotional bankrupts". He criticised hero worship of flim personalities and said during hard times people had the more normal thoughts. He placed the burden on modern life conditions with the auto, movies perverted advertising undermining the influence of the home, the church and the school.

## 25 Years Ago

The News reported half the boys in the city were Boy Scouts. Quoted was Lex R. Lucas, executive of the Old Baldy Boy Scout council. He said that nationally the ratio was one Boy Scout in 10. At a special Sunday meeting in the Methodist church 260 merit badges were awarded. Carl Nicholson, assistant Scout Master of Troop 1 and in charge of the Sea Scouts, served as chairman. The event concluded the celebration of Boy Scout week which began with services in the First Presbyterian church.

Upland Police received a cash award of $25. from the California Fruit Growers Exchange for their arrest of a citrus fruit thief who had been raiding groves in this area.

P. H. McQuillan who did business as a druggist, "Mac The Medicine Man Inc.", was keeping up his custom of passing out a piece of cake on his business anniversary. The celebration marking his 29th year was near.

Out of town firms had started to pay the city fee from which $2000 was expected. Twenty paid a total of $520. The fee was for sending trucks into the city.

Upland Woman's club was preparing to plant a sturdy elm in San Antonio park as a tribute to George Washington on his bicentennial. Committee members in charge were Mmes. L. D. Temple, R. F. Lemon, J. Emery Sargent, F. C. Buffington and Chas. E. Harwood was to place the first soil over the roots to be followed by a shovelful from Alois Podrasnik, Chas. D. Adams and selected participants representing Boy and Girl Scouts.

Thirty Upland families were in dire need and a drive was on by the Associated Charities league to find jobs for breadwinners.

# Plans Progress On $20 Million Watershed

Plans for a $20 million flood control project to serve the western area of San Bernardino county are being completed, according to a report given at the annual meeting of the state association of Soil Conservation districts, Southern area, held recently in San Bernardino.

Site of the project is northeast of Etiwanda, in the general area of Day, Deer and San Sevine canyons.

However, the plans must first be approved by the three sponsoring agencies, the San Bernardino Flood Control Dist., Chino Basin Water Conservation Dist., and West End Soil Conservation Dist.

The project, which will be paid for with $15 million of Federal funds, and $5 million in local monies, covers 60,000 acres, and is known as the Upper Chino Basin Large Watershed project. It will take six years for completion of the plan.

# Cucamonga Water Dist. To Offer Domestic Water, Build Reservoir

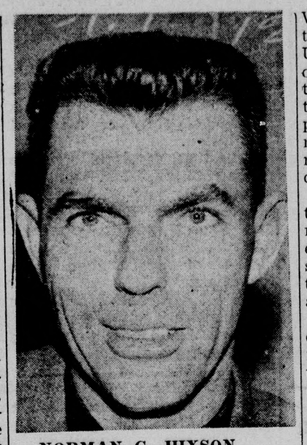

Cucamonga County Water district will soon enter the domestic water business, application having been made for a State Health certificate to permit this additional service. Most immediate domestic service will be confined to upper elevations of the foothills where there has been a shortage of local water supplies for years, according to Norman G. Hixson, district manager.

Mr. Hixon anticipates considerable delivery of domestic water to the upper foothill areas above Alta Loma and Etiwanda, with some elaborate estate developments already being planned for these areas.

Cucamonga County Water district is now installing distribution lines throughout the district, and has completed some installations, with many of these to be extended in the future. Total cost to date of these distribution mains is in excess of $75,000. A purification plant is now ready for operation at the district's main pumping station, located at Acacia St. and Archibald Ave. just south of the Santa Fe tracks, in Cucamonga.

Future expansion of this purification plant, to include a complete filter system, is already planned for the time when there is sufficient need to warrant the larger system.

Work is due to start in April or May on the district's new four million gallon suction reservoir just off the Metropolitan Water Co. aqueduct at the district's main pumping station, adjacent to the station and the purification plant. The district's property at this site is of sufficient size to allow for future development planned.

NORMAN G. HIXSON

The Board of Directors recently authorized construction of the $100,000 reservoir, to provide a continuous supply of Metropolitan water from the Colorado river for district use. Water has, until now, been pumped direct from the Metropolitan line and into the Cucamonga district lines, without benefit of a reservoir. Construction will require approximately six months, with specifications to be ready in a six weeks.

In reporting on the overall progress of Cucamonga County Water district since its inception, Manager Hixson told The Upland News: "A major portion of the original design, for which the bond issue was floated more than a year ago, is now complete. The only exception is the reservoir which has been authorized and will soon be under construction."

Mr. Hixson said the water district is now providing supplemental water to 15 mutual water companies within the 27-square-mile district, in addition to supplying individual ranches and other consumers.

Main transmision line of the district was competed last summer, but operation was delayed until Sept. for arrival of various equipment. It was then placed in operation on a manual basis, pending installation of an automatic system. This automation is now completed and ready for use when the water district operation begins early this summer.

By providing as complete automation for the water district system as was sound practice, the water district has eliminated personnel problems and operates with a minimum of three full-time people. Mr. Hixson as manager is assisted by Frank Van Fleet, secretary of the board of directors, and Mrs. Rena Peterson, office stenographer.

Robert Nesbit is board president, and Harold B. Blatz is vice president. Directors are John S. Ingalls, J. F. Grass, Jr., and Galer Royer.

A Tribute To Washington's Birthday!

The birthday of the man who carved out the future of the United States is celebrated throughout this land . . . and in many foreign countries. We refer to him affectionately as "The Father of Our Country", and, indeed that is what he was. Now, as our nation is going through another period of rebirth and rededication to the principles of Freedom, it is well to give George Washington even added laurels. For the truths he uttered then are now as vital to America's safety, well-being and progress as they were when our commonwealth was born. Let EVERY American revere the name and the works of this truly great man!
